WELCOME TO BOLER MOUNTAIN

Welcome to Boler Mountain as we celebrate our 80th season! Our team is proud to welcome guests year-round, offering a wide range of experiences during both the green and winter seasons. From skiing, snowboarding, and tubing in the winter to mountain biking, the treetop adventure park, beach volleyball, yoga on the mountain, fitness boot camps, and special events throughout the warmer months, there's something for everyone to enjoy. We also host weddings, corporate events, and private functions, providing a unique setting, exceptional food, and

outstanding hospitality. Whatever your age or interests, Boler Mountain offers an experience you'll remember.

This past winter was one of our most successful seasons yet. Thanks to an early boost from Mother Nature and the expertise of our exceptional snowmaking team, we delivered outstanding conditions and celebrated 100 days of winter operations. Our programs flourished, and we welcomed record numbers of guests to the mountain.

Our green season was equally successful over the past year. Guests have been enjoying our enhanced rooftop patio, complete with new sunshades, comfortable seating, and live music on select weekends. It's the perfect place to relax while taking in spectacular views of the mountain and enjoying delicious food and beverages. We also continue to invest in improvements that enhance the guest experience, including upgrades to our mountain biking trails, with even more exciting projects on the horizon.

Boler Mountain is a not-for-profit organization governed by a dedicated volunteer board of directors. It is an honour to serve as President of the board for my third year. My connection to Boler Mountain began in childhood, and it has remained a special place for me ever since. I am continually inspired by the dedication of our staff and volunteers, whose commitment to providing a safe, welcoming, and enjoyable experience is reflected in every guest interaction.

Thank you for your continued support of Boler Mountain. We look forward to welcoming you for another memorable season.

Kristi Ferguson,
Boler Mountain President

RFID

NEW MOUNTAIN CARD RFID LIFT ACCESS

In 2025-26, Boler Mountain introduced RFID lift access gates for skiing and snowboarding. All guests will use a Season Pass or Mountain Card to access the lifts. The Mountain Card costs \$5 +hst and is reusable for multiple visits, making every trip to the mountain faster and more convenient.

The Mountain Card uses Radio Frequency Identification (RFID) technology to provide touch-free access to our chairlifts. Simply keep your Mountain Card in your left jacket pocket, separate from your phone, credit cards, or other RFID cards. As you approach the lift gates, the system will automatically detect your card and open the gate—no need to remove it from your pocket.

On your first visit, purchase your lift ticket online or in person. If you buy online, you'll receive a confirmation email with a barcode that can be scanned at Customer Service or the ticket window to collect your Mountain Card. After that, reloading your card is easy. Simply purchase your next lift ticket or pass online, and it will automatically be added to your existing Mountain Card. If you already have your equipment, you can head straight to the slopes without stopping at the ticket window.

Each skier or snowboarder, including children, requires their own Mountain Card, and cards are non-transferable. Please do not bend, hole-punch, or damage your card, as this can affect its performance.

Please note that the Mountain Card is only used for skiing and snowboarding. Tubing and mountain biking will continue to use their current ticketing systems.

POLICY

PARK ETIQUETTE

PARK SMART

Start Small

Work your way up. Build your skills.

Make a Plan

Every feature. Every time.

Always Look

Before you drop.

Respect

The features and other users.

Take it Easy

Know your limits. Land on your feet.

◀ This Orange Oval symbol designates Freestyle Terrain such as parks and pipes. Smart Style represents Freestyle Terrain safety. Know it, Respect it, Use it !

Make a plan.

Every time you use freestyle terrain, make a plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.

Look before you leap.

Scope around the jumps first, not over them. Know landings are clear, and clear yourself out of the landing area.

Easy style it.

Start small and work your way up. (Inverted aerials not recommended).

Respect gets respect.
